Dear members of Hou Stand,

Unfortunately, the New Year's tournament could not take place in December. But another date has been found, where the sports hall is open and no matches are planned.

This evening is meant to get to know all members of Hou Stand better. So we hope that many members will participate. You can bring an introduction.

It is also a birthday tournament and that means includes cake. We therefore ask every recreational and senior team to make a cake. (savory or sweet) After the assessment by a jury, the cakes are available to the participants. There is a nice prize for the winning team.

After the tournament we will drink a glass of bubbles at Hou Stand And we will announce the winner of the tournament and the baking competition.

We are going to make it a fun evening and hope that many members want to participate.
